

3rd MASM

Mid-Atlantic Soft-Matter Workshop

Friday, October 17, 2008

The University of Delaware

Clayton Hall - 9:00 - 5:30

Invited Speakers

Patrick Spicer
Complex Fluids Research
Procter and Gamble Co.

Eric Dufresne
Dept. of Mechanical Eng.
Yale University

Kathryn Beers
Polymers Division
NIST

Ahmed Sinan
Department of Physics
CNRS, UPenn, Rhodia

Michael Mackay
Dept. of Mat. Sci. and Eng.
University of Delaware

The Mid-Atlantic Soft Matter Workshop brings together researchers working on the science of soft matter, such as polymers, complex fluids, and biomaterials, for an informal meeting to exchange ideas and foster collaborations. There will be a mix of invited talks, brief contributed sound bites, and unstructured time. For more details and to register, please visit <http://masm.physics.georgetown.edu/>
